On August 2, 1985 the South Carolina Public Service Commission ("the Commission") issued its Order No. 85-347 in the instant proceeding, whereby the Commission, inter alia, approved certain rates to be offered by our jurisdictional electric utilities to certain qualifying facilities in accordance with the rules promulgated by the FERC for the implementation of Section 210 of PURPA. The utilities were likewise directed to file for the Commission's approval revised rate schedules to reflect the Commission's actions embodied in Order No. 85-347.

The jurisdictional electric utilities duly filed certain revised rate schedules in accordance with the requirements of Order No. 85-347.

Upon a thorough review of the rate schedules filed by the utilities, the Commission is of the opinion, and so finds that the rate schedules fully comply with the provisions of our Order No. 85-347 and should herein be approved.

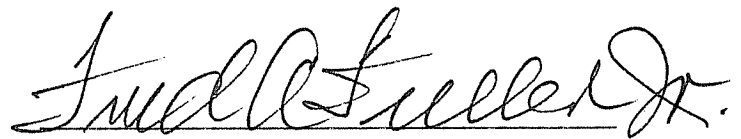

IT IS THEREFORE ORDERED:
